

# Jail Break

The RO will start the timer, when you hear the buzzer -

You walk/run around to the side of the jail, ring the bell twice, then go back into the Jail. From the rear of the jail you see several outlaws running down the alley.

You yell – **STOP OR I’LL SHOOT!**

You draw your first pistol, sweeping P-1 through P-5, holster your empty pistol. Draw your second pistol and fire 5 rounds at P-3, holster your empty pistol.

Pick up your shotgun, empty and open from the rack on the side of the jail, return to the back wall and shoot S-1 and S-2, then S-2 and S-1 in that order. Place your shotgun back in the rack.
